## - Safety Guidelines -

### **COVID-19 SAFETY PRECAUTIONS:**

If your dancer is sick or feeling unwell, please do not send them to class. If your dancer or anyone in your family has been in contact with someone who has tested positive for Covid-19, your dancer is to stay home and contact Vibe for further direction. The same applies to Vibe Instructors.

If a class needs to be cancelled due to a teacher illness and a substitute teacher is not available, you will be notified by e-mail. Any class cancelled for this reason will be offered a make up date. Any class/es missed by students due to Covid-19 will not be refunded.

If anyone at the studio were to test positive for Covid-19 you would be informed by email, and after taking the necessary precautions we would ensure that the studio is deep cleaned and sanitized before we would allow anyone back into the studio. If any classes have to be cancelled for this reason, we would treat these cancellations as apart of our inclement weather policy (view in our registration packet).

Dancers may enter the lobby 5-10 minutes prior to their class starting (no earlier). **Dancers may be accompanied by ONE adult.** Parents/Caregivers should only come in if necessary (for younger dancers, making payments, etc.). Dancers should be picked up promptly after class.

At this time face masks are not required inside the studio, however, if at any point we feel this is no longer the safest option we will revisit this decision. Please be prepared for either scenario.

If anyone in your household is showing signs of sickness, **please stay home.** We will be flexible with our attendance policies as we take the health of our dance families very seriously.

We encourage dancers to either wash their hands or use the provided hand sanitizer before and after class.
